Main messages

- if you have symptoms of coronavirus infection (COVID-19), however mild, do not leave your home for 7 days from when your symptoms started. (See ending isolation section below for more information)
- this action will help protect others in your community while you are infectious
- plan ahead and ask others for help to ensure that you can successfully stay at home
- ask your employer, friends and family to help you get the things you need to stay at home
- stay at least 2 metres (about 3 steps) away from other people in your home if possible
- sleep alone, if possible
- wash your hands regularly for 20 seconds, each time using soap and water, or use hand sanitiser
- stay away from vulnerable individuals, such as the elderly and those with underlying health conditions, as much as possible
- you do not need to call NHS 111 to go into self-isolation. If your symptoms worsen during home isolation or are no better after 7 days, contact NHS 111 online. If you have no internet access, call NHS 111. For a medical emergency dial 999

Stay at home

You should remain in your home. Do not go to work, school, or public areas, and do not use public transport or taxis. You cannot go for a walk.

You will need to ask friends or relatives if you require help with buying groceries, other shopping or picking up medication. Alternatively, you can order medication by phone or online. You can also order your shopping online. Make sure you tell delivery drivers to leave items outside for collection if you order online. The delivery driver should not come into your home.

Thank You
